*CyDNA Food and Nutrition Conference & Exhibition
The scientific programme is being reviewed for CPE/CME*

Message from the Conference Chair, CyDNA President

Dear friends and colleagues,

The Cyprus Dietetic and Nutrition Association (CyDNA) is pleased to announce the materialization of its **11th International Conference** with the theme **“Let’s Talk Dietetics: Collaboration to Evolve Practice, Improve Nutrition Care”**, taking place on the 19-22 of November 2020 in Nicosia, at Landmark Hotel, Nicosia-Cyprus.

The conference will be a celebration for the 21 years (20+1) of CyDNA!

The conference will host panels and LLL from the Cyprus Society for Clinical Nutrition and Metabolism (CySPEN), Cyprus Metabolomic Network, Cyprus Atherosclerosis Society. In addition to the main conference and the open to the public session a Food and Nutrition Resources exhibition will run concurrently with the conference.

Our goal is to provide the delegates with the most up-to-date information on nutrition science, setting the stage for a productive and constructive dialogue. The Organizing and the Scientific Committee are committed to organizing a triumphant conference on a wide range of contemporary topics in nutrition and dietetics, with the participation of prominent Cypriot and foreign dietitians, nutritionists, scientists and health professionals. The three-day-conference covers subjects by an international and local faculty of experts. The subjects have been selected to give a broad and in depth overview of a number of contemporary and traditional topics in dietetics and nutrition.

The conference will also offer CME/CPE hours.

Finally, on behalf of the organizing committee, I would like to express our appreciation to all of our sponsors for making this conference possible and the concurrent food & products exhibition.

Looking forward to seeing you at the conference and hope that you will find it educational, stimulating, with a great opportunity to network with other health professionals.

Yours sincerely,

On behalf of The Organizing and the Scientific Committee of the Congress

Dr. Eleni P. Andreou, RDN, CPD, DPRof, FHEA

Chair of the Organizing Committee

President of the Cyprus Dietetic & Nutrition Association
